I. INTRODUCTION

This manual guides users through the HR Applicant Processing System, a Windows-based application developed using C# programming language, Windows Forms, and MySQL (server and workbench). It provides an online application feature for applicants and a management interface for HR personnel to handle recruitment tasks.

II. SYSTEM OVERVIEW

The **HR Applicant Processing System** is a centralized platform designed to simplify and organize the recruitment process for both applicants and HR personnel.

- Applicants can register, log in, create profiles, apply for job vacancies, upload required documents, and track application status.
- HR Staff review applications, evaluate candidates, and schedule interviews.
- HR Managers oversee hiring decisions, manage job postings, and generate reports.

User Roles

- **Applicant** – Create Account, complete profile, apply for jobs, upload requirements, edit allowed details, and track status.
- **HR Staff** – Review applicant submissions, validate documents, screen applicants, schedule interviews, and update statuses.
- **HR Manager** – Manage job vacancies, approve final hiring decisions, manage users, and generate reports.

Applicant User Manual

III. APPLICANT SIDE

The Applicant Side of the system is designed to allow job seekers to manage their entire application process online. The Login Screen is the gateway for both job seekers and HR personnel.

III. I Accessing the System (Login)

Steps:

1. Provide your log in details by filling out the Username, Email, and Password
2. Click the Sign in.
3. Click Register Now if you are a new applicant creating an account.

Note: Ensure that you use the email address and password registered in the system to successfully log in.

III. II Creating an Account (Registration)A screenshot of a web browser window titled "Applicant Registration". The window displays a registration form with a blue header and a light blue background. The form has three input fields labeled "Username", "Email", and "Password". Below these fields is a dark blue button with the text "Register Now". A link labeled "<-- Back" is located at the top left of the form area.

If you do not have an account, you must register to use the system features.

Steps:

4. On the Login Screen, click "Register Now".
5. Enter your Username, Email Address, and Password in the required fields.
6. Click the Register Now button.
7. A confirmation message will appear indicating that registration was successful.
8. Click OK to return to the Login Screen.
9. Log in using your newly created account credentials.

Note: The system checks for duplicate email addresses. If the email is already registered, a warning message will be displayed.

IV. APPLICANT DASHBOARD

The Applicant Dashboard serves as the main control center after logging in. It provides an overview of the applicant's application status, required documents, interview schedule, and recent updates. From here, applicants can navigate to different parts of the system such as profile management, job vacancies, application records, and document submission.

Steps:

1. Review the dashboard summary to see your application status, missing documents, interview schedule, and latest updates.
2. Click Profile, Job Vacancy, My Application, or My Documents to access the corresponding sections.
3. Click Application Status to view the complete history and current status of your applications.
4. Click Logout when finished. The system will ask for confirmation and then return you to the Login Screen.

V. APPLICANT PROFILE

The Applicant Profile Page allows you to input, save, and update personal, contact, educational, and work-related details, which are saved in the database. It also allows users to create a new profile or modify an existing one whenever needed.

The screenshot shows a web application window titled "My Profile". The interface is divided into several sections for user input:

- Personal Information:** Contains fields for "First Name:", "Last Name:", and "Date of Birth:". The "Date of Birth" field is a date picker showing "Wednesday, June 17, 2026".
- Contact Information:** Contains fields for "Contact Number:" and "Address:".
- Education:** Contains a field for "Highest Education:".
- Skills:** Contains a field for "Skills:".
- Work Experience:** Contains a field for "Work Experience:".

At the bottom of the form, there are three buttons: a blue "← Back" button, a green "Update" button, and a dark blue "Save" button.

Steps:

1. Enter or edit your personal information (name, contact, address, birthdate).
2. Add your education, skills, and work experience.
3. Click Save/Update to store changes.
4. A confirmation message will appear once saved.
5. Click Back to return to the Dashboard.

VI. JOB VACANCIES

The Job Vacancies page allows applicants to view available job openings, check details, and apply through the system. Only active vacancies marked as “Open” are available for selection.

The screenshot shows a web application window titled "Job Vacancies". At the top, there is a dark blue header with a "Back" button and the title "Job Vacancies". Below the header is a search bar with a "Search" button. The main content area is divided into two sections. The first section, "Open Job Positions", features a table with columns: VacancyID, JobTitle, Department, Employment, Status, and Qualification. The table contains one row with the following data: VacancyID 1, JobTitle Software ..., Department Informatio..., Employment Full-Time, Status Open, and Qualification Must kno... The second section, "Job Details", is a large white box with a pink border. It contains three labels: "Employment Type:", "Qualifications:", and "Required Documents:". At the bottom of the page, there are three buttons: "Apply" (dark blue), "Refresh" (dark blue), and "Exit" (red).

VacancyID	JobTitle	Department	Employment	Status	Qualification
1	Software ...	Informatio...	Full-Time	Open	Must kno...

Steps:

1. Click Job Vacancies from the Dashboard.
2. Search a job from the list to view its details.
3. Check if the job status is (Open or Closed).
4. Click the Apply button to submit your application for the selected position, or use Refresh to reload the list.
5. Click the Back or Exit button to close the form and return to the main dashboard.

VII. MY APPLICATION

The My Application page displays the status of submitted job applications, including the chosen position and related details. It also supports actions like saving as draft, editing, and final submission depending on the current stage of the application.

My Application Page

MY APPLICATION

Current Job Application Details

Target Position: (No Job Selected)

Application Status: No Application Started

Application Form Documents

Full Name:

Attach Resume (PDF/DOCX): *No file selected*

No file selected

[Submit Application](#)

[Withdraw](#) [Save Draft](#) [Edit Application](#)

Steps:

1. Click My Application from the Dashboard.
2. The application status record will display its current state (e.g., Draft, Pending).
3. Review or update your details and attached documents.
4. Click Save Draft to store changes without submitting.
5. Click Submit Application to finalize your application.
6. If allowed, click Edit Application to modify your submission.
7. If the application is under HR review, editing will be blocked.
8. Click Back to return to the Dashboard.

Note: Once an application enters HR review, it can no longer be edited or resubmitted to ensure data integrity.

VIII. APPLICANT DOCUMENTS

The Applicant Documents Page allows applicants to upload, manage, and track required files while viewing real-time submission status and HR remarks. It also displays missing requirements and organizes submitted documents in a structured table.

The screenshot shows a web application window titled "Applicant Documents". The header is a blue bar with the text "APPLICANT DOCUMENTS". Below the header, there is a "Document type:" label followed by a dropdown menu. To the right of the dropdown are four buttons: "Upload", "Delete", "Refresh", and "Back". Below these buttons, the "Status:" label is followed by the text "Missing: College Diploma, NBI Clearance, Resume, Transcript of Records". Below the status text is a table with four columns: "DocumentID", "DocumentType", "FilePath", and "Status". The table has one row with a red asterisk in the first column. Below the table is a large, empty rectangular box. At the bottom, there is a "Remarks:" label followed by a large, empty rectangular box.

DocumentID	DocumentType	FilePath	Status
*			

Steps:

1. Click My Documents from the Dashboard.
2. Select a document type.
3. Click Upload to open the file explorer.
4. Choose a file (PDF, DOCX, JPG, or PNG).
5. Use Delete to remove a selected document if needed.
6. Click Refresh to update the list and status.
7. Check the Remarks section for HR feedback.
8. If a duplicate document type is uploaded, it will automatically replace the existing file.

VIII. APPLICANT STATUS

The Application Status page displays the full timeline of an applicant's job application, including every status change, remarks, and timestamp. It helps applicants track the progress of their application from submission up to final processing.

Application Status

[- Back](#)

Your Application Timeline

	Position	Status	Remarks	ChangedAt
▶	Software Developer	Draft	Go to myapplication, then Su...	6/17/2026 11:25 PM
*				

Steps:

1. Click Application Status / Timeline from the Dashboard.
2. The status history page will open and load your application records.
3. The latest update (e.g., Submitted, Under Review, Approved, Rejected) appears at the top.
4. Click Back to return to the Dashboard.
5. If no records exist, the table will remain empty.

HR USER MANUAL

This module allows HR personnel to manage job vacancies, review applicants, schedule interviews, evaluate candidates, and make hiring decisions.

I. HR Login

The HR Login feature allows authorized Human Resources personnel to access the recruitment management system.

Steps

1. Click the **HR Admin/Staff**
2. Enter your assigned username, email, and password.
3. Click **Sign In**.

HR can also change the password.

A screenshot of a web browser window titled "Change Password". The main content area has a light blue background. In the center, there is a darker blue rectangular box containing the form. At the top left of this box is a link that says "< Back". The title "Change Password (HR)" is centered at the top of the box. Below the title, there are two input fields: the first is labeled "Username or email to change" and the second is labeled "Password". To the right of the password field is a small icon for toggling password visibility. At the bottom center of the box is a dark blue button with the text "Sign In" in white.

After successful login, the system will redirect you to the HR Admin Dashboard where recruitment activities can be managed.

II. HR Admin Dashboard

The Dashboard serves as the main page of the HR module. It provides an overview of recruitment activities and allows quick access to important functions.

The screenshot shows the HR Admin Dashboard interface. It features a dark blue sidebar on the left with the following menu items: HR Admin, Dashboard, Manage job vacancies, Maintenance Module, Hiring Decisions, Reports, and Logout. The main content area is divided into two columns. The left column is titled 'Enter new HR member' and contains input fields for Username, Email, and Password, followed by a role selector '1 (Admin) | 2 (Staff)' and an 'ADD' button. The right column is titled 'Change Role' and contains a 'Username' input field, a role selector '1 (Admin) | 2 (Staff)', an 'ADD' button, and a summary section showing 'Applicant Registered 1' and 'Applicant Hired 0'.

Information Available

The dashboard may:

- Enter new HR member
- Change role

HR personnel can monitor recruitment progress and quickly navigate to other modules.

III. Manage Job Vacancies

This allows HR personnel to create, edit, close, or reopen job vacancies.

[<-- Back](#)

Job Vacancy Management

☐ NBI Clearance
☐ Resume
☐ Transcript of Records
 Save Vacancy

Existing Vacancies — click a row to edit

Position	Department	Employment Type	Status	Qualifications
Software Developer	Information Technology	Full-Time	Open	Must know C++, C#, Pytho...

Creating a Job Vacancy

1. Enter the required information:
 - o Job Position
 - o Department
 - o Employment Type
 - o Status (Open/Closed)
 - o Qualification
 - o Required Documents
2. Click **Save Vacancy**

Editing a Job Vacancy

1. Select a vacancy from the list
2. Click **Edit**
3. Update the necessary information
4. Click **Save Changes**

Closing a Vacancy

1. Select an active vacancy
2. Click **Close Vacancy**

The vacancy status will be updated, and applicants can only apply to positions that remain open.

IV. Applicant List

This module allows HR personnel to review all applicants who submitted applications.

Steps

1. Open the **Applicant List** module.
2. Use the search bar to find a specific applicant.
3. Use filters if necessary.
4. Select an applicant to view detailed information.

HR personnel can easily monitor and manage submitted applications.

V. Applicant Review

This process begins the initial review of an applicant's submitted information and requirements.

The screenshot shows a web application window titled "ApplicantReviewForm". On the left, there is a search bar with a "Search" button and a dropdown menu currently set to "All", with a "<-- Back" link below it. The main area on the right contains a form with labels and input fields for "Name:", "Email:", "Phone number:", and "Address:". Below this form is a section titled "Applicant Review" which contains a large, empty white box. At the bottom of the window, there is a dark blue bar with three buttons: "Refresh", "Start Review", and "View Document".

Steps

1. Select an applicant from the search bar
2. Click Start Review

The application status will automatically change to **Under Review**.

This status indicates that the applicant is currently being evaluated by the HR department.

VI. Maintenance Module

This allows authorized users to manage and update system records that are used throughout the recruitment process. It helps ensure that information remains accurate, organized, and up-to-date.

-----------	----------------	-------------	----------	--------	-------------

Steps

1. Open the applicant's profile
2. Select the following details:
 - o Interviewer
 - o Interview Date
 - o Status
3. Click **Save**

The applicant's status changes to **For Interview** in the user's dashboard, and interview details are recorded in the system.

VIII. Interview Evaluation

After the interview is completed, HR personnel record the interview results.

Interview Evaluation

Reject: Select this option if the applicant is not selected.

Result: Status changes to **Rejected**

Add:

- Decision Date
- Remarks

The final decision will appear at the Existing decision list and is recorded and stored in the system.

X. Reports Module

This helps HR personnel generate recruitment reports for monitoring and documentation purposes.

The system generates recruitment reports or CSV that can be used for analysis and record-keeping.

XI. Logout

The Logout function securely ends the user's session.

Steps

1. Click the **Logout** button.
2. Confirm logout if prompted.

The system returns to the login screen and prevents unauthorized access to HR functions.
